Qualification Criteria

Membership in the Partner Rewards Program runs from January 1, 2025, to December 31, 2025.

Your eligibility will be based on your assets under management (AUM) through the referral of Manulife Bank products.¹

Gold

\$3M average Manulife Bank AUM

Platinum

\$3M year-over-year growth in average Manulife Bank AUM

At the end of every quarter (December 31, 2024, March 31, 2025, June 30, 2025 and September 30, 2025), your average Manulife Bank AUM will be calculated to determine your status, which will be awarded the following month. For example, if your average AUM is \$3 million on December 31, 2024, you will qualify for Gold status starting in January 2025.

To qualify for Platinum status, your average Manulife Bank AUM must show year-over-year growth of \$3 million. For example, if your average AUM at the end of Q4 2024 is \$3 million higher than it was at the end of Q4 2023, you will become a Platinum member!

Elevate your status

You have the opportunity to qualify for the Partner Rewards Program or upgrade your status at the end of each quarter. Once achieved, your status is effective until the end of 2025 — in other words, you can move up but not down in a calendar year.
